

PRESIDENT'S REPORT 2017

It is with pleasure that I present the President's Report for 2017.

Financially, we performed better in 2018 than the previous year, a result that is encouraging. The Club is preparing for renovations to begin in the older area of the Club, renovations that will see a total refurbishment of the rooms to provide functions facilities along with new toilets and an updated RSL Sub Branch room. The renovations should be completed in early September.

The club during the year has continued to be well support by our members and it is encouraging to see our TAB area and Brasserie being well patronised. We have been having some entertainment on Friday Nights as well as Jumping castles in the auditorium during the school holidays.

During the past year, sadly we have had deceased members, our condolences are extended to all those family and friends that have been affected by their loss.

I would like to thank the Board of Directors for their assistance and dedication throughout the year. They give up so much of their time for the betterment of the club and its members.

Our manager Phil Hill and his staff deserve recognition for the courteous and professional manner in which they handle the day to day running of our club.

FRANK SHEPHERD
PRESIDENT
